Translation of Para 3 of the Proceedings of the Municipal Board of the Town of Sringeri, held on 7th May 1901.

Proposed by Mr. T. M. Ramaswami Aiyar that an octroi duty might be levied on vegetable oils from 1901-19 inviting attention to the fact that a re had been submitted some time back Government on the matter with the res that it was returned to be re-submitted through the Deputy Commissioner, K District and that it was, nevertheless not re-submitted accordingly.

The proposal was seconded by the President with the observation that a report on the matter might be re-submitted to Government for of the said proposal with an extra the Proceedings of this meeting in accordance with the Rules

of the Board inasmuch as a less sum of money has been credited under the head "Cloths" and other Sub-heads of I Octroi" during the current year than as estimated and in consequence a less amount has been estimated to be received under "I Octroi during 1901-1902; and although a sum of Rs 1,000 was estimated to be received under "II Tax on houses, buildings &c" on the revision of house-tax, it was found on actual revision that it would amount to Rs 800 and hence a less amount has been estimated under that head for 1901-1902 than for 1900-1901. Moreover it is but expedient to incur great expenditure under the heads "Lighting", "Office Establishment", "Sweepers" &c.

Resolved that a report be submitted to Government for sanction in matter of levying an octroi duty on eatable oils, the proposal being put to and carried nem. con

1901.

With reference to your docket No. 689 / L.7. No. 32-99 dated 16th July 1901 enquiring the probable annual revenue that may be realised from the levy of octroi duty on Castor, gingelly and Cocoanut oils and the cost of establishments, if any, which may be required for collecting

the said duty, I have the honour to report that the Board are of opinion that the annual income from the said oils may amount to Rs 240, Rs 120 from Cocoanut oil, Rs 80 from Gingelly oil and Rs 40 only from Castor oil owing to the large use of Kerosine oil for lighting purposes and that there is no need for increasing the Establishment already existing on this account and to request that Government may be pleased to accord sanction to the levy of octroi duty at the rate of two annas per maund on the above-said oils as submitted in this Office No. 95 dated 11th June 1901.
